## ANNEXURE "B"

for including successful testing and commissioning of 0.25 Lac gallon capacity RCC Service Reservoir with sluice chamber, including improvements of pipe network, construction of bathroom, protection wall shall the first state of the construction of bathroom, protection wall shall be constructed in the construction of bathroom, protection wall shall be constructed in the construction of bathroom, protection wall shall be constructed in the construction of bathroom, protection wall shall be constructed in the construction of bathroom, protection wall shall be constructed in the construction of bathroom, protection wall shall be constructed in the construction of bathroom, protection wall shall be constructed in the construction of bathroom, protection wall shall be constructed in the construction of bathroom, protection wall shall be constructed in the construction of bathroom, protection wall shall be constructed in the construction of bathroom, protection wall shall be constructed in the construction of bathroom, protection wall shall be constructed in the construction of the const including improvements of pipe network, construction of bathroom, protection wall, chain link fencing, anchor/ Filling inclosed for WSS Helmethpora Zardoon

AND CONDITIONS The work shall be executed strictly as per approved design / drawing, specifications and JJM The work shall deviation or change in proposal/location is subject to the prior approval from Guidelines. Any authority. the competent authority.

the competent are inclusive of all taxes applicable as per norms amended by competent The rates allotted are inclusive of all taxes applicable as per norms amended by competent The rates and time to time. Labour cess and royalties shall have to be borne by the executing authorities from time to time.

agency/contractor. agency/common of work shall be subject to check by the third party monitoring agency (TPIQM)
The execution of work shall be subject to check by the third party monitoring agency (TPIQM) appointed by the Department

No liability should be created on this account.

No maximum, of allotment will constitute a legal contract between the government and the contractor and the conditions as laid down in the master NIT for 2022-2023 and PWD Form No. 25 (Double) will also hold good even before the drawl of an agreement between the Government and the contractor.

That the date of start of the work shall be reckoned within two days from the date of issue of Letter of Intent issued vide this office No PHE/Hyd/Bpr/JJM/3885-98 dated 30/07/2022 and 06. in case of delay on the part of the contractor in execution of the work within stipulated time of completion a penalty upto 10% of contract value shall be imposed upon him.

The total amount of work should not exceed Rs.78,45,840.00 in any case.

The contractor has deposited 3% Performance Security amounting to Rs.2,35,500.00 bearing 07. 08. No. 017058 dated 01/11/2022 in shape of earnest money (CDR) through Kashmir Mercantile Cooperate Bank Ltd Branch Main Bazar Sopore and which has been retained in the divisional office and shall be released after the successful completion/ commissioning of work and after observing the DLP period is over.

In case the contractor fails to execute the work, the work shall be put to fresh tenders on the risk 09. and cost of the contractor & the excess cost if involved shall be recovered from the contractor and strict action as warranted under contractual obligation shall be taken against the defaulter

The time of completion of the work is reckoned 90 Days (Ninety Days) as per the condition 10. laid down in the e-NIT.

The firm shall be bound for satisfactory performance of works for 18 months after the successful commissioning of subject work. If during warranty period any malfunctioning/ defects arise, the firm shall have to rectify the same within a period of ten days of receipt of intimation. In case of any failure on the part of the firm to remove the defect, the department may get the defects removed/repaired by any other agency and cost thereof shall be recovered from the fim and shall be recommended for further punitive action as governed under the relevant clause of the contract including blacklisting

After testing and commissioning of work, the bidder will have to make a trial run of the work for a period of 03 months during which the bidder will have to operate and maintain the executed work to the full satisfaction of the Department

The defects Liability period shall be for a period of 12 Months which shall commence after the successful completion of Trial run. The bidder shall be responsible to make good & remedy at his own expense any defect in works which is noticed during the DLP. In case any defect remains unattended by the firm at the completion of DLP, the department may extend the DLP for such time as deemed fit for getting the defect rectified subject to a maximum ceiling of 6 Months

In the event of allottee failing, declining, neglecting or delaying the supplies / works or in the event of any damage occurring or being caused by the allottee or in the event of any default or failure by the allottee in complying with any of the terms and conditions of the contract, the Department shall with or without

to any other remedies available to it under any law for the time inforce in the UT:

minate the contract after 15 days' notice

and/or

Recover the amount of loss caused by damage, failure or default, as bedetermined by the department.

and/or

c). Recover the extra cost, if any, involved in allotting contract to other party.

d). Impose Liquidated damages on account of delay beyond the schedule completion d). Impose the time of 0.5% of the delayed portion of contract every week but not exceeding 10% value of the contract.

and/or

- Any failure or commission to carry out the provision of the contract shall not give rise to any claim by the department or bidder one against the other if such failure of commission arises from the 'ACT OF GOD' which shall include all natural calamities such as fires, floods, earthquake, hurricane, strikes, riots, embargoes or from any political or other reasons beyond the control of the parties including war, or a state of insurgency
- In the event of the death or insanity or insolvency or imprisonment of the bidder or where the bidder being a partnership or firm becomes dissolved or being corporation goes into liquidation, voluntary or otherwise, the contract may, in the option of the Engineer-in-charge, be terminated by notice in writing posted at the site of the works
- The bidder should ensure the safety of the water supply lines, sewer lines, telephone cables, power cables, storm water drains etc., pipe laying alignment and, if any damage occurs during execution it should be attended immediately at the cost of the bidder. Failing to attend immediately, the same will be got done by the Department at the risk and cost of the allotee
- All risks of loss or damage to physical property and of personal injury and death which arise during and in consequence of the performance of the Contract are the responsibility of the Bidder
- The bidder shall not sublet the whole or part of the work. The bidder shall not assign the work or any part thereof or any benefit or any interest thereon or any claim arising of the contract, without prior written consent of the allotting authority
- From the commencement of the work to the completion thereof the same shall 20. be under the bidder's charge. The bidder shall be held responsible for and make good any loss or injuries by fire or other causes / theft and shall hold the Government harmless for any claims for injuries to persons or damage to property happening from any neglect, default, want of proper care and misconduct on the part of the bidder, or any of his employees, during the execution of work. The bidder shall be responsible for the compensation if any, to labour under the 21.
  - The bidder shall make his own arrangements for the engagement of all types of the labour, required for the execution of the job. No workman below the age of 18 years shall be employed on the works. Also the bidder shall comply with the provisions of all labour laws and the rules framed there under 22.
  - The bidder shall at his own cost make arrangements for proper storage especially towards Rain and Snow damages of the equipment/ materials at sites till its erection/completion. For the purpose the bidder shall, with the approval of Engineer in charge construct temporary storage accommodation for equipment/ material at site for which land shall be provided by the department near the site of
